PROPERTY DESCRIPTION

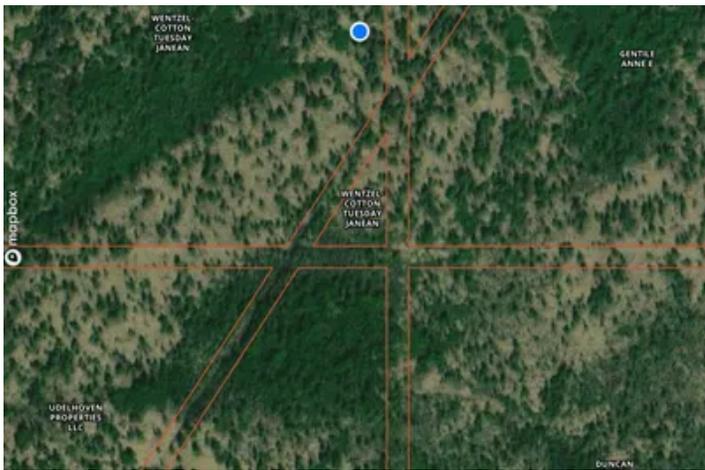

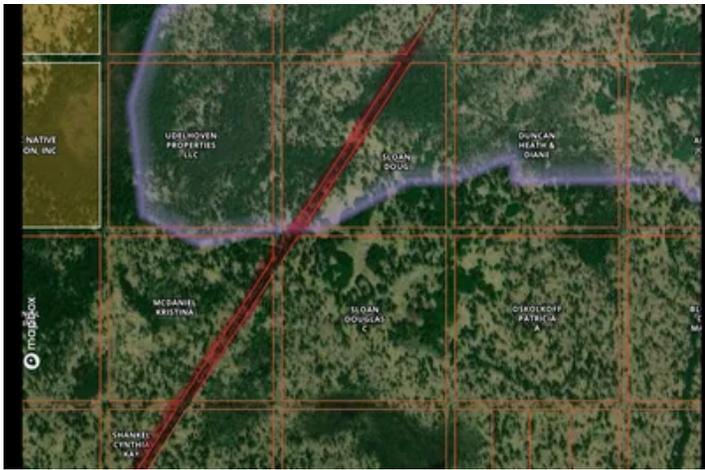

Some of the most quiet and pristine land you will find in the Caribou Hills! And top it off there is at least one artesian spring, naturally flowing out of the side of the valley. Virtually a 40 acre parcel, with easements on all four sides and seismic trail splits a small corner of the property into two parcels. Both being sold together. Trail to the property is ATV or snow-machine only.

No power in area. Some very steep hills to get to property, don't expect to use a truck.
