This home has the main level which has the living room with vaulted ceilings, gas insert fireplace, built-ins, and a powder room right off the living room. Down the hall you have 2 bedrooms with a jack and jill bathroom. Each room has their own toilet and vanity but they share a tub/shower. There is a large dining room off the living room which holds a nice long table and chairs. The kitchen is amazing and has a ton of cabinets, a commercial gas 6 burner counter top cook stove, a dishwasher, garbage disposal and lots of counter space which is all quartz. There is a bar that holds several bar stools and also a breakfast nook that has an amazing view out the windows. There is a ton of custom in this home like the light fixtures! Next you have the large master bedroom, master bathroom with some amazing features starting with the jetted tub, the his and hers own sinks and closets, make up vanity and the amazing, Kohler custom programable shower! When you go down stairs to the basement you have a full house on the bottom level! You have a large living room, then you have a bedroom, a kitchen (there is no stove but one could easily be put in), a pantry off the kitchen, a game room, a safe room and a full bathroom. Then you go outside to a 2 car garage or you can go out to a covered patio area where there are hookups for a hot tub. This house has 2 hot water heaters, one is 115 gallon and one is 60 gallon. There is a hardy wood furnace that is for back up only and will heat the water and you can use it for your central unit if you want to. There is a full house water softener as well.
