COME RIDE THE LAND WITH YOUR LOCAL LAND SPECIALISTS

If you're serious about this 116 +/- acre property, plan to spend some time with us. We're not going to show you this farm from the road. We're going to take you out and let you experience the land.

At **Mossy Oak Properties Selling Arkansas**, we are land specialists, and we believe there's a right way to show acreage.

You can't truly understand a piece of land by standing at the gate.

You can't see 116 +/- acres from the windshield of a truck.

And we're certainly not going to point toward the back of the property and tell you, *"It goes way back there."*

We're going to take you back there.

When you come to look at this property, plan on riding it with us. We'll pull up the property map, get in the ATV and start exploring.

We'll ride the roads and trails. We'll follow the fence lines. We'll cross the pastures. We'll ride through the wooded areas. We'll stop along the way and give you time to get out, look around and ask questions.

We'll show you how the property lays, where one area connects to another, how you get from one end of the farm to the other and what the terrain actually looks like when you're standing on it.

That's how you begin to understand what you're buying.

WE'RE EQUIPPED TO SHOW LAND

Whether it's **20 degrees or 100 degrees**, we're prepared.

Want to ride in a **fully enclosed ATV with heat or air conditioning? We've got you covered.**

Would you rather ride in an **open ATV**, feel the air and have an unobstructed view while we're going across the property?

We've got that too.

And if your spouse, children, business partner or other family members are part of the decision, **bring them with you.** We have room.

Because when you're making an investment in acreage, we believe everyone involved should have the opportunity to see it for themselves.

DON'T PLAN ON A 15-MINUTE SHOWING

When you schedule with us, give yourself enough time.

We don't want to rush you through the property just so we can move on to the next appointment.

We want you to ride it.

We want you to stop when you see something you want to look at.

We want you to pull up the map and understand exactly where you're standing.

We want you to ask questions.

And if you want to go back and look at an area a second time, **we'll turn around and go look at it again.**

Because there's a big difference between **looking at land** and actually **seeing the land.**

THIS IS HOW WE SHOW PROPERTY

We're not meeting you at the gate, handing you a brochure and sending you on your way.

We're getting in the ATV with you.

We're going to ride it with you.

We're going to take the time to help you understand the property you're considering purchasing.

So if you've been looking at this **116 +/- acre property in Viola, Arkansas**, give us a call and schedule enough time to come ride it with us.

Put your boots on, bring the family, and come see what 116± acres really looks like.
