PROPERTY DESCRIPTION

FILL OUT A BID HERE using our [online form](#).

This 50 +/- acre tract offers dual access and diverse terrain in a manageable size. The property is clearcut with three-year-old planted seedlings in place, providing long-term timber potential. An old county road wraps around the north side, while a blacktop road along the south side serves as the primary access point. A large creek runs southeasterly through the tract with an established SMZ along the corridor, adding natural beauty and excellent wildlife habitat. Multiple maintained rights-of-way create interior trails and provide open, established areas that make ideal locations for deer stands. With its rolling terrain and strong access, this tract balances recreational enjoyment with long-term timber value. Conveniently positioned between Camden and Magnolia, the property is approximately a 20-minute drive to either town.
