PROPERTY DESCRIPTION

This 160 +/- acre tract offers an outstanding opportunity in a highly sought-after area known for its strong wildlife population and productive soils of Grant County, Oklahoma! With county road frontage along the north and west sides, access is convenient and versatile, making it easy to develop, farm, or design a hunting setup exactly how you want it. The property is mostly tillable, providing excellent income-producing potential while also serving as a consistent food source for wildlife. Whether planted in corn, wheat, or milo, the crop ground naturally attracts and holds deer throughout the season. The surrounding area supports a healthy deer population, and this farm sits right in the middle of it. With the right management, this tract could be strategically set up with food plots, feeders, blinds, and travel corridors to create a premier hunting property. Scattered native grasses provide excellent bedding cover for deer and natural habitat for upland birds. Enhancing these native grasses through proper management techniques such as prescribed burning, selective disking, or additional native plantings could significantly improve the wildlife habitat of the property. The existing cover already offers great structure, but there is clear upside potential for someone looking to develop it into a top-tier recreational farm. Quail and pheasant are present in the area, and the combination of tillable ground and native grass habitat creates the perfect blend of food and cover to support upland bird hunting. With a little vision and habitat improvement, this farm could potentially become a well-rounded hunting property that offers deer, quail, and pheasant opportunities year after year. This property is located just 10+/- minutes from Medford, 45+/- minutes from Enid, and around 2 +/- hours from OKC and Tulsa. All showings are by appointment only. If you would like more information or would like to schedule a private viewing please contact Tony Cerar at [\(918\) 671-8937](tel:9186718937).
