Sitting in one of the area's most desirable locations and served by the highly sought-after Ayden school district, this beautifully designed home offers comfort, space, and endless possibilities both inside and out.

If you've been looking for a home that has charm, quality finishes, and room to grow, this beautiful farmhouse-style home at 7132 County Home Road in Ayden deserves a look. Located in the highly sought-after Ayden School District, this 3-bedroom, 2.5-bath home offers 1,966 square feet of thoughtfully designed living space in a peaceful setting that's just minutes from Ayden, Winterville, Greenville, and the ECU Health campus.

From the moment you arrive, you'll notice the inviting front porch, classic white exterior, and standing seam metal roof that give this home timeless curb appeal. Step inside and you'll find a bright, open floor plan with beautiful hardwood floors, high ceilings, and plenty of natural light throughout. The spacious living room features a brick fireplace with custom built-in shelving and flows seamlessly into the dining area and kitchen, making it perfect for everyday living or entertaining family and friends.

The kitchen includes granite countertops, a large center island with seating, stainless steel appliances, a walk-in pantry, and plenty of cabinet space.

The primary master bedroom is conveniently located on the first floor, offering privacy and easy access. Also on the main level is a dedicated office near the front entrance, making it an ideal space for working from home, a playroom, or even a designated space for our furry four legged friends!

Upstairs you'll find two additional bedrooms with generous closet space, a full bathroom, and easy access to large attic storage areas, giving you plenty of room to keep seasonal decorations and extra belongings organized.

Step outside and enjoy one of the home's best features—a beautiful covered back porch overlooking a spacious backyard shaded by mature pecan trees. Whether you're relaxing with your morning coffee or hosting weekend cookouts, this outdoor space is ready to enjoy. The backyard offers endless possibilities with a little imagination from a detached garage, workshop, garden expansion, a small pasture, or maybe even your own backyard putting green.

Gardening enthusiasts will love the dozen raised garden beds already in place, along with additional raised herb beds inside the fenced backyard. Water has already been piped to the garden area, making it easy to grow vegetables, herbs, and seasonal flowers year after year.

The home is currently vacant and ready for its next owners. The hardwood floors may benefit from a light refinishing, giving buyers a great opportunity to make them look like new while adding their own personal touch.
