Property Information

Acres: 18.399 (Deeded)

Taxes: \$95.80 (2022)

Utilities: Power

Legal: S03, T20 N, R03 E, IN SENW, TRACT 1
COS 3779, MK 2AA

Zoning: Urban Residential

Executive Summary

Located in a bustling portion of Great Falls, these 18.399 acres are suitable to develop into a housing subdivision. Power is available and city utilities are in proximity. The parcel borders the residential Valley View neighborhood. Sixteen acres are available for purchase as well and are located just south of this property. There are numerous ways to benefit from acquiring the acreage. The urban residential district allows for limited agricultural uses and residential services such as a community garden, daycare center, a stable or barn to house livestock, a mobile home park, parking, and much more. Capitalize on this endless potential to develop this residential land!

Local Area

Great Falls, MT is located in the central part of the state and straddles the mighty Missouri River. The seat of Cascade County is referred to as the "Electric City" because of its numerous dams and power plants. Great Falls includes many recreational activities for you and your family to enjoy together such as the C. M. Russell Museum which displays famed artist Charlie Russell's works and home. Get outside and enjoy the crystal-clear waters of Giant Springs State Park or float and fish the Missouri River. The city boasts the Lewis and Clark Interpretive Center. The center provides displays and exhibits that trace the explorers' journey! Great Falls holds one of the most prestigious medical facilities in the state and offers an International Airport. Great Falls International Airport offers flights of Alaska, Allegiant, Delta, and United, with direct flights to Denver, Las Vegas, Minneapolis, Phoenix, Salt Lake City, Seattle, and Chicago (seasonally). With too much to list, Great Falls awaits exploration, and you are sure to cherish the memories that you will make!

Area Attractions

First Peoples Buffalo Jump State Park

This buffalo jump is considered to be the largest bison cliff jump in the United States. The native people utilized the jump for at least two thousand years before Lewis and Clark ventured through on their expedition through Montana. The park has an interpretive trail, picnic tables, and a protected black-tailed prairie dog town.

Benton Lake National Wildlife Refuge

This shallow basin was left as a result of the last glacier in the area. It covers over 5000 acres and is a bird haven. The refuge supports a variety of wildlife and migratory waterfowl.

Freezeout Lake Wildlife Management Area

The Freezeout Lake Wildlife Management Area is located between Fairfield and Choteau and is known for the massive snow geese and tundra swan migrations that take place in the spring and fall.

Giant Springs State Park

The Lewis and Clark Expedition in 1805 discovered Giant Springs State Park. The crystal-clear water originates in the Little Belt Mountains and takes twenty-six years to reach the springs! It is no wonder it is the most visited state park in Montana. The park sprawls out over 4,500 acres and is centered around the "Mighty Mo" (Missouri River). Many people utilize the park's twenty miles of trail to bike, hike, walk, bird watch, or just enjoy the scenery. The park also features waterfalls for which Great Falls was named. Be sure to visit the fish hatchery while at the park. The monster trout raised here are quite a sight! Fishing is fantastic here. Once named the shortest river in the world, the Roe River flows out into the Missouri. This state park is one of Montana's gems!
