## 40+/- Acre Riverfront Parcel 50096589

### Ontonagon, MI / Ontonagon County

## PROPERTY DESCRIPTION

40+/- ACRE MICHIGAN RIVERFRONT PARCEL FOR SALE! This Parcel is located in north-eastern Ontonagon County, in the Upper Peninsula of Michigan. There is about 2,000-Feet of the Firesteel River meandering through the property, with bends and turns, and "U" shaped switchbacks making it ideal fish habitat. - The river receives its water from the East and West Branches of the Firesteel - which flows through the Ottawa National Forest and State Forest Lands. Over 18-miles long, the Main Branch empties into Lake Superior. - The Firesteel River is a "Michigan Blue Ribbon Trout Stream". Fishing is fantastic for Native Rainbows, Browns and Brook trout! Thousands of Brown Trout are stocked at the mouth of the Firesteel River where it meets Lake Superior. - The Spring season brings a yearly fresh run of Lake Superior steelhead up the river. These Steelhead are stocked yearly just a 1/4 mile up river from this property. - Fall Salmon that find their way up the Firesteel River from Lake Superior have been caught from a tremendous fishing hole on the property. This 20+/- foot deep fishing hole at the base of the "Pine Hill" camp (which sits about a hundred feet above the river bed) is where the larger fish hide. This hole is where "fishing dreams" have been made by the Sellers for over the last 50 years! There isn't a better fishing hole around! - The property has some giant White pines, some of which are as large as you will find on private land anywhere in the state of Michigan. - For On-Site Hunting - there are miles of two track trails on this property and areas that could make good size food plots. - One of the best Whitetail deer, Black bear, Bobcat, Grouse and Woodcock hunting areas in Ontonagon County - this property provides great hunting for big game and game birds!!! - American Bald Eagles are sighted here frequently, and Moose (both species not available for hunting in the U.P.) have been spotted on the property! - This Parent Parcel is SURROUNDED ON THREE SIDES by Corporate CFA lands which adds 26,000 acres for additional "walk-in" access for hunting, fishing, and trapping. - Timber types throughout the parcel consist of Pine, American basswood, Black ash, Eastern hemlock, Green ash, Quaking aspen, Red maple, Sugar maple, White ash, and Yellow birch. - If you are seeking a recreational parcel with seclusion and privacy contact us today!
