WORLD CLASS GENETICS

Sitting on 795± acres of prime cattle ground in Walters, Oklahoma, the ABN Family Ranch is the most complete Red Wagyu operations you'll find anywhere in the country.

Decades of development, massive investment, and a relentless focus on top-tier genetics make this a true turn-key opportunity for anyone looking to step into, expand, or dominate the elite Red Wagyu space.

ABN Ranch runs roughly 600 head, anchored by one of the nation's largest and most developed fullblood Red Wagyu herds. These cattle are registered with the American Wagyu Association and eligible for registration with the American Akaushi Association, giving you immediate credibility and flexibility in marketing.

This herd is the result of a lifetime of selective breeding, disciplined culling, and a no-compromise approach to herd improvement.

TURNKEY INFRASTRUCTURE

EXCEPTIONAL MAIN HOME & ACCOMMODATIONS

Three modern homes built within the last two years plus a fully remodeled original ranch home. Plenty of space for owners, managers, guests, or staff. Main Home Highlights include:

- 4 Bedrooms
- 4 full bathrooms
- Downstairs Guest Suite
- Spacious living area
- Two Offices

Premium Working Facilities

Two brand-new barns, a large hay/equipment barn, and a purpose-built calving barn featuring:

- An onsite embryo/semen lab
- Supply and emergency rooms
- Climate-controlled spaces
- Full bathroom with shower
- Indoor hydraulic working chute
- Multiple livestock sheds and windbreaks

A separate shop includes a lift and bathroom, allowing full maintenance of equipment on-site.

Water Resources

Water is one of the strongest assets here. The ranch has two high-capacity wells producing 400 GPM, eight ponds, and Snake Creek running through the property. Roughly 125 acres of drip-irrigated Bermuda allows for an aggressive grazing and stocking program.
