

# Utility & Property Information

**Address:** 366 Access Road, Rochester, VT 05767. This is a formal address issued by the town of Rochester.

From I-89, take exit 3 and turn onto VT-107 W. Continue straight onto VT-12 N/Main Street. Turn left onto Church Street to cross the bridge. Bear right onto Pleasant Street/VT-12 N. Turn left onto Camp Brook Road. Straight onto Bethel Mountain Road. Turn left to continue on Bethel Mountain Road. Turn left onto Route 100. Turn right onto Brandon Mountain Road/Route 73. Turn right onto Austin Hill Road. Turn left onto Access Road. Continue to property.

**Taxes:** Town of Rochester — \$1,344.08 (2022 Non-Homestead Value).

**Zoning:** Conservation – Residential District.  
Access the [Rochester Zoning Regulations](#) for further information. The Rochester Zoning Department may also be contacted at 802-767-4464 with any additional questions.

Minimal Dimensional Requirements (per district zoning):

**Lot Area:** 3 Acres      **Road Frontage:** 150' (or ROW 30' in width)  
**Front Setback:** 30'      **Side or Rear Setback:** 25'

**Power:** Green Mountain Power — underground transformer box located a nearby property off Access Road; utility pole # 122/S/50/4 is located off Austin Hill Road near the intersection with Access Road.

No formal estimate can be provided until a power service application is submitted and a site visit has been conducted. For more information, please contact the GMP Distribution Designer for the area, Justin Ives, at 802-770-2251 or [justin.ives@greenmountainpower.com](mailto:justin.ives@greenmountainpower.com).

**Septic/Water:** WW-3-0774 — Approved Wastewater Disposal & Potable Water Supply Permit for the proposed construction of a maximum three-bedroom, 6-person occupancy single family residence, serviced by on-site wastewater disposal system and an on-site drilled or percussion well. Please see *Supporting Documents and Maps* for a copy of the approved Wastewater Disposal & Potable Water Supply Permit and design.

**PVC Pipes:** There are PVC pipes on the property. Per the septic engineering company who completed septic design work for the property, “Those pipes are water monitors. They were used for establishing the seasonal high water table elevation for preparing the system design. They are no longer needed, but they would be helpful for the contractor installing the system in laying out the system location.”

**Protective  
Covenants:**

Pitirre De Hawk Subdivision Protective Covenants — the property conveys subject to the Pitirre De Hawk Subdivision Protective Covenants, which have been amended in accordance with section 15 of the Pitirre De Hawk Subdivision Protective Covenants. Please see *Supporting Documents & Maps* for a copy of the Pitirre De Hawk Subdivision Protective Covenants and associated amendments for further reference.

Note: *Covenant 1: Structure and Improvements Approval* has been removed in entirety by amendment.

**Acreage:** There is a slight discrepancy between the acreage as stated on the town tax bill and as shown on the wastewater permit documentation. For marketing purposes, we have used the acreage as stated on the town tax bill. All acreage being sold is plus or minus.

**Road:** Access Road — Paved, Class III town plowed and maintained road.

**Driveway Access:** The property previously had a Town of Rochester approved driveway permit for the proposed driveway access off Access Road. This driveway permit has since expired, and the owner is applying for a new driveway permit from the town.

Note: it is our understanding that the adjoining Great Hawk Owner’s Association (GHOA) believes they own a strip of land along the Access Road frontage, and the town disputes this claim. The owners received a letter from the GHOA indicated that they would not pursue a title search and would support the subdivision and the proposed driveway access to the lot off Access Road with the inclusion of protective covenants that match the GHOA protective covenants. Please see *Supporting Documents & Maps* for a copy of the letter sent to the owners by GHOA along with a copy of the Pitirre De Hawk Subdivision Protective Covenants that convey with the land for reference. A copy of the Great Hawk Protective Covenants can be found on

their website here: <http://www.greathawk.org/documents/>.

**Services:** EC Fiber offers high-speed fiber optic internet and phone services to homes off Access Road, including the home with an E-911 address of 385 Access Road. Comcast offers TV services to homes along Austin Hill Road.
