

Welcome to 801 Eastwood. This home is the perfect starter home or rental to add to your portfolio. The home has a great layout featuring a large living room, a dedicated dining room, and some recent updates to the kitchen. The home is 3 beds and 1 bath, and each bedroom is a nice size. The bathroom has a shower/tub combo. Conveniently, the utility room is connected and is on the rear of the home, away from the rooms. The fireplace is gas and will make the living room cozy near Christmas time. There is also a small shed outside to house toys or equipment. The main feature of this property is the LARGE lot it sits on, which is nearly half an acre. Sitting at the end of the road in a corner lot, you have really nice privacy. The home also has a new roof. There is so much to like about this place, and I'm certain it will make someone happy. Give your favorite realtor a call today for more information.
