

FLAT ROCK CREEK

EDGEFIELD COUNTY, SC

102.9 +/- ACRES

\$565,950

PROPERTY DESCRIPTION

Located near Ridge Spring in eastern Edgefield County, Flat Rock Creek is a 102.9-acre recreational, hunting, and timber investment property with the potential for a private homesite. Featuring rolling topography and predominantly sandy and sandy loam soils, the property offers a diverse landscape well suited for outdoor recreation, wildlife, timber, and future improvements.

Approximately 1,800 feet of Flat Rock Creek runs through the middle of the property, creating a scenic focal point and naturally dividing the tract into two sides. The property also features approximately 1,815 feet of frontage along Rachel Road and two separate access points on opposite sides of the creek, including one gated entrance. An existing road system follows much of the property's exterior, providing a foundation for access around the tract.

Approximately 22 acres are planted in 8-9-year-old pines, while the remaining acreage consists of a diverse mix of timber stands of varying ages. Existing stand locations and a cleared food plot provide a strong foundation for a hunting setup, with excellent deer habitat found throughout the property. Whether you're looking for an ideal hunting retreat, a private homesite, or a long-term timber investment, Flat Rock Creek offers a scenic and versatile setting in the heart of Edgefield County.
