Rock Hill Lake

Wapanucka, OK / Johnston County

PROPERTY DESCRIPTION

Comprised of approximately 320 acres, Rock Hill Lake is an outdoorsman's paradise. Located less than two hours north of the DFW Metroplex, this property has abundant wildlife, excellent fishing, and variable terrain that give it unique character. The main attraction on the property is the +/- 16 acre watershed lake. Excellent fishing and abundant structure features will have the bass fisherman enticed. For the hunter, the lake offers ideal habitat for ducks and geese that migrate through the region in the winter months. Leading into the lake are two creek drainages which are lined with large rock formations. These drainages act as travel highways for deer, turkey wild hogs, and other wildlife. The property is mostly wooded, with mature hardwood trees and crosstimbers habitat providing food, cover and shelter for the wildlife. The topography varies by 100 feet and is shaped drastically by the limestone rock formations, especially in the creek beds.
