PROPERTY DESCRIPTION

The Niblett Homestead offers a perfect blend of heritage charm and modern country living across 120 acres of rolling Oklahoma countryside. This property features a beautifully reimagined 1,728± square foot home, originally built around the core of a 1960s two-bedroom farmhouse, thoughtfully expanded and updated into a warm, inviting modern farmhouse that honors its historic roots. The home's design combines rustic authenticity with updated finishes, featuring open living spaces, natural light, and classic farmhouse details throughout. The original homestead structure has been carefully preserved within the new build, blending vintage character with contemporary comfort. Outside, a custom-built chicken house and lavender garden highlight the property's self-sufficient, homestead appeal. Multiple raised flowerbeds provide color and charm, while the surrounding acreage transitions from native grass pastures to mature hardwood timber with scattered brush, ideal for grazing, wildlife, or recreation. The land is diverse and scenic — from open grasslands to shaded oak groves — offering both beauty and functionality. A stocked pond adds to the setting's utility, serving livestock or simply enhancing the view.
