PROPERTY DESCRIPTION

Delaware Creek Ranch is a registered Black Angus cow-calf operation and family hunting retreat located in Connerville, Oklahoma. The ranch currently supports approximately 65 cow-calf pairs while also producing hay and developing retained bulls and heifers. More than 2,000 feet of Delaware Creek winds through the property, enriching its premium grazing pastures and exceptional wildlife habitat. Both the cattle and hunting programs have been managed under strict, long-term stewardship practices, ensuring the continued productivity and balance of this remarkable ranch.

General Description:

Delaware Creek Ranch features two residences. The main home is a 3-bedroom, 2-bathroom brick house with a 2-car garage, built in 2005, and overlooks Delaware Creek. This home also includes a 40' x 60' metal shop building with an office/apartment, which also overlooks the creek.

The second home, built in 1995, is a 2-bedroom, 2-bathroom, 1,780 sq ft house with multiple outbuildings.

The cattle facility has evolved to include new 40' x 100' covered working pens equipped with a new Arrowquip 750 Series chute, alley and tub, as well as sorting alleys, holding pens, and feedlot bunks for bull and heifer development.

There are four, 2-acre feedlots and one 5-acre paddock, all supplied with well water and feed bunks. Each paddock includes a 20' x 25' loafing shed, along with ample natural shade and Bermudagrass pastures.

The ranch is fenced and cross-fenced into four main pastures. Two of these are used for hay production during the growing season and are grazed during the winter months.

In addition to its livestock operations, Delaware Creek Ranch offers excellent hunting opportunities. The owners have actively managed the property for whitetail deer in a region well known for producing trophy-class whitetail. The combination of creek frontage, natural cover, and food sources creates an ideal habitat for quality deer hunting.
