

29.407 Ac Taylor County

Very rare, larger acreage just a little over a mile from Tuscola, in highly sought-after Jim Ned ISD! This over 29 acres is deed restricted and in a great development amongst some very beautiful homes with brand new net wire fences on two sides. With this property, you get the best of both worlds; land large enough to run cattle or horses, yet just minutes away from restaurants and schools. There is a water meter available through Steamboat Mountain Water and underground Taylor Electric already in place near the property. Sit on your back porch and enjoy the beautiful sunset over the beautiful West Texas hills and enjoy the quant sunrise off your porch with the Tuscola water tower in the distance. This is a very beautiful one-of-a-kind property and is a must-see! Survey has already been completed, and the water meter has already been allotted, according to the seller.
