

15.306 Ac & Home Eastland County

This well-maintained one-of-a-kind property sits on 15 acres, just north of Gorman, TX. There are two tanks on the property, and even with this dry year, they both had water year-round! The 4-bedrooms/4-bathroom home was constructed in 2002 and was very well built with tons of custom work, like the laundry room that doubles as a concrete safe room in case of a tornado! There is tile and hardwood floors throughout the home, and a giant walk-in closet in the master bedroom. The wood burning fireplace, in the living room, has a gas started, built-in heat fan, and wood storage that has access to the outside to allow easy wood storage from the outside. No detail was overlooked in building this home! There is a mother-in-law suite apartment that boasts a full bathroom with a live-in kitchen with everything but a stove. There is also a 24x48 shop at the back of the property with electricity and concrete floors with nearby water well. Call today for your showing!!

\$789,900
