

**(In regard to the sewer tap fees, there will be a connection fee of \$1,200.00 (flat rate) and a collection fee of \$227.00 per EDU. An EDU within our sewer system is equal to 205 GPD. There will also be sewage capacity fee(s) owing to the Forest Hills Municipal Authority. You will have to contact them (814) 495-5614 to obtain that information. Please be advised there will be a credit of \$410.40 towards the total sewer fees owing to Highland Sewer and Water Authority. This is due to a prior property owner paying that amount in the past however never developed the property. In addition to the water fees listed below, there will be a fee for the water meter. Should a 2" domestic line be installed the estimated cost for a 2" water meter is \$2,300.00 or for a 1 ½" water meter is estimated at \$2,000.00. If the domestic service line is greater than 150' in length a meter pit will be required. Please let us know what size meter is desired so we may prepare an estimate for the meter pit (if needed). The fire line connection will not be metered however a flat monthly rate will apply depending on its size.)**
