A plat of the survey of the described 5.49 acres is attached as Exhibit "A" to this Affidavit.

"The 15-3/4 acre tract and the 5.49 acre tract, being a total of 21.24 acres, are referred to below as 'the Property'. The Property including the 15-3/4 acre tract and the 5.49 acre tract are depicted in Exhibit "A" attached to this Affidavit.

"Virble Foster was my father and the father of my sister, Wilma Jeannette York. After Virble Foster bought the Property in 1949, he fenced all of the 21.24 acres which included the above described 5.49 acres. He began grazing livestock on the Property in 1949 and grazed livestock on the Property from 1949 until his death in 1970. He claimed exclusive possession and ownership of all of the Property, including the described 15-3/4 acres and 5.49 acres, from 1949 until his death on November 8, 1970. Virble Foster exclusively paid all ad valorem taxes on and against the Property from 1949 until his death in 1970.

"By his probated will Virble Foster devised the Property to his two children, being my sister, Wilma Jeannette York and myself, Virblene Talbott. My sister and I exclusively used, occupied and possessed the Property beginning in 1970 following my father's death until my sister, Wilma Jeanette York conveyed all of her interest in the Property to me, Virblene Talbott, by the Partition Deed dated April 14, 1995 and recorded at Volume 811, Page 73 of the Deed Records of Young County, Texas. In the Partition Deed the Property was described as the 15-3/4 acre tract, but included all of the above described 21.24 acres of the Property.

"Beginning on April 14, 1995, and continuing through the present date, I have exclusively maintained all of the Property as one tract, including both the 15-3/4 acres and the 5.49 acres in peaceable, open, notorious, continual and actual exclusive use, occupation and

possession of the Property. I have kept the Property as one single tract to the exclusion of all other persons and my acts of ownership have been hostile and adverse to all other persons.

"No person including the owner of the tract adjoining the Property has made a claim of ownership on any part of the Property or disputed my ownership of all of the Property since I acquired my sister's interest in 1995. I have leased the Property for grazing and agricultural usage to Phillip York and Kenneth Rogers since I acquired full ownership of the Property in 1995.

"Beginning in April 14, 1995, and continuing through the date of this affidavit, I have maintained and kept sole and exclusive possession of the Property against all persons as the sole owner of the Property. I have exclusively paid all of the ad valorem taxes on and against the Property during the period from April 14, 1995, through the current year.

"I am giving this Affidavit to help cure any defects in title to the Property described above and to establish the continual, open, and the hostile and adverse claims against any other persons who may claim an interest in the Property beginning in 1949 when Virble Foster acquired the 15-3/4 acres by deed along with the adjacent 5.49 acres and continuing until his death in 1970, then by my sister and myself, then by myself, alone when I acquired all interest in the Property in 1995.

"This Affidavit is made in order to establish as a matter of record the factual history of the continual adverse possession of the Property by Virble Foster beginning in 1949, by myself and my sister beginning in 1970, and by myself, alone beginning in 1995, and our continual repudiation of the interest of all other persons who may claim an interest in the Property and to put all others on notice of my family member's and my own open, exclusive, hostile and adverse claims to any others who may claim to own any interest in the Property.

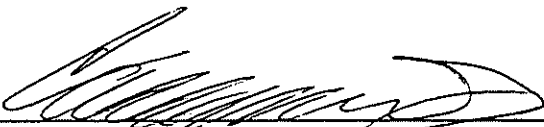

"FURTHER the Affiant saith not."

EXECUTED on this 20th day of June, 2025.
