Dry Red Creek Farm Devol, OK / Cotton County

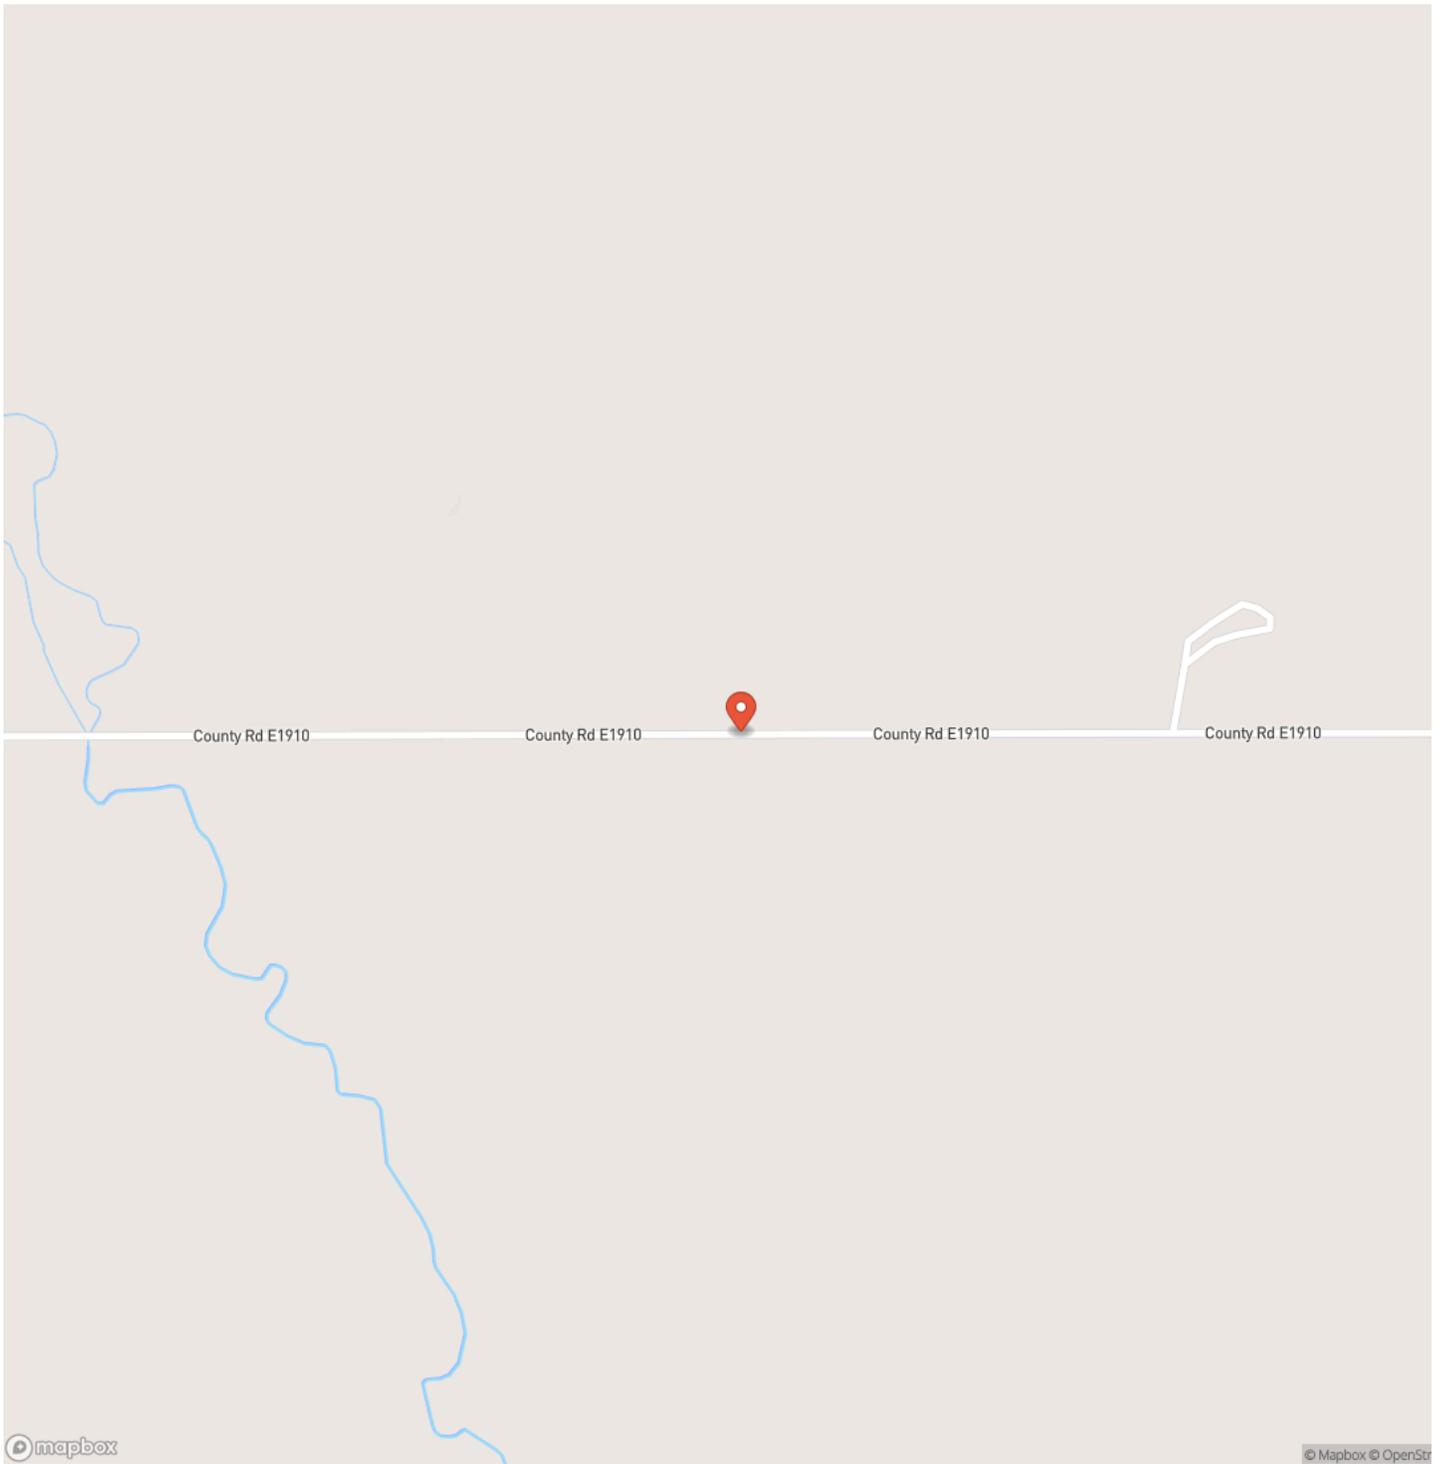

PROPERTY DESCRIPTION

Welcome to the Dry Red Creek Farm, 160+/- acre farm that offers a versatile mix of recreational and agricultural opportunity in Cotton County, Oklahoma! Mature timber lines the creek, providing excellent wildlife habitat and natural travel corridors, while productive tillable acreage offers strong potential for crop production/income. Several established food plot locations are already in place, making this property especially attractive for hunters. This property features over a mile of Dry Red Creek frontage, with ownership on both sides of the creek. The area is well known for producing mature whitetail bucks, including a gross 174" Boone and Crockett buck killed last year; this with the combination of timber, creek bottom, and open ground creates an ideal setup for holding and attracting deer. This farm features a 3+/- acre wetland on the north side where a water control device has been added. With some dirt work and strategic planning, this area could easily be developed into multiple wetland units, attracting large numbers of ducks, adding another recreational element to the farm. Whether you're looking for a productive farm, a hunting property, or a place to develop your own outdoor retreat, Dry Red Creek Farm offers a strong foundation with excellent potential! This property is located just 30+/- minutes from Lawton, OK and Wichita Falls, TX, and just 1 hour and 40+/- minutes from OKC. All showings are by appointment only. If you would like more information or would like to schedule a private viewing please contact Chris Miller at [\(580\) 595-1969](tel:5805951969).
