PROPERTY DESCRIPTION

Take a look at this charming 3-bedroom, 2-bath home with 1,768 square feet of well-planned living space. Inside, you'll find a galley kitchen with brand-new barn doors on the pantry, oversized guest rooms, and a cozy dining area with a gas fireplace. The dining and living spaces are separated by a case opening, giving the home definition while keeping the layout open and inviting. Just off the dining room, a screened porch creates the perfect spot for relaxing or entertaining. Outside, there's also a double carport with extra storage. This home offers space, style, and comfort all in one.

The 10-stall barn has a center aisle with stalls on both sides. Each stall has a door to the aisle and a door that opens to the paddock. Inside the barn, there are two tack rooms and a storage room. There's also a loft for extra storage that runs about one-third the length of the barn. The barn has lights and water, plus a wash rack outside.

The pastures are fenced and cross-fenced into four sections, with water available in three of them. The entire property is fenced along or close to the property line.
