Turn-Key Chikaskia River Hunting Farm Argonia, KS / Harper County

PROPERTY DESCRIPTION

Located in the heart of big buck country, this 181.1+/- acre Harper County, Kansas hunting paradise is the definition of a turn-key recreational dream property! From the moment you pull through the gate, it is clear this place was built with serious hunters in mind. Featuring almost 1+/- mile of Chikaskia River frontage, this farm offers everything needed to consistently grow and hold mature whitetails while providing year-round outdoor enjoyment. The diverse landscape is nothing short of incredible. Towering mature timber stretches along the river corridor while thick cedar pockets and expansive native grasses create the perfect combination of bedding cover, travel routes, and natural food sources. The habitat on this farm is exactly what seasoned hunters dream about, and the wildlife numbers reflect it. Harper County is known for producing trophy-class Kansas whitetails, and this property is loaded with deer and turkeys from one end to the other. A maintained trail system winds throughout the entire property, allowing easy access to every corner of the farm without disturbing wildlife movement. Every stand location and feeding area has been strategically planned and is ready to hunt from day one. The property includes 10 tower blinds and feeders already in place, creating an opportunity for multiple hunters to comfortably hunt different wind directions and setups throughout the season. Beyond the recreational appeal, the property also features a clean and comfortable 1,280+/- sqft 3 bedroom, 2 bathroom modular home that makes an excellent hunting lodge or full-time residence. The house uses well water and has a septic system in place. A 30x40 insulated shop on the property provides ample room for equipment, ATVs, tractors, decoys, and hunting gear. This is the type of property where you can arrive Friday evening, unload your gear, and immediately hit the stand without needing to spend years developing the farm. Conveniently located just 23+/- miles west of Wellington, 39+/- miles southeast of Kingman, and only 47+/- miles southwest of Wichita, this rare Harper County property combines seclusion, accessibility, and top-tier hunting habitat into one incredible package. Properties with this level of river frontage, habitat diversity, improvements, and turnkey hunting setup rarely hit the market! If you have been searching for a legitimate Kansas recreational property capable of producing unforgettable hunts and lifelong memories, this is one you do not want to miss!
