Income-Producing Farm with Build Potential Bluff City, KS / Harper County

PROPERTY DESCRIPTION

This 75.8+/- acre tract in Harper County, Kansas is a clean, highly productive tillable farm with strong access, quality soils, and added upside for both recreation and future building potential. The property features excellent road frontage, allowing for easy equipment movement, efficient farming operations, and convenient year-round access. The tillable ground is made up of approximately 38+/- acres of Bethany silt loam with 0-1% slopes, paired with 36+/- acres of Kirkland-Renfrow clay loams carrying gentle 1-3% slopes. These soil types and minimal grades create a smooth, workable farm that supports consistent production and long-term value. In the southeast corner of the property, a pocket of native grasses surrounds a wet-season creek, adding diversity to an otherwise clean tillable layout. This natural cover and water source create excellent habitat for whitetail deer and other small game, offering recreational opportunities without sacrificing overall farm efficiency. On the west side of the property sits an old homestead site, presenting a prime opportunity for a new build. With utilities nearby and strong access already in place, the location provides a blank slate for a country home, shop, or farmhouse overlooking productive Kansas farmland. Whether you're a farmer looking to expand your operation, an investor seeking solid agricultural income, or someone wanting to build in the country while maintaining farm return, this 75.8± acre Harper County tract offers a strong combination of productivity, access, and future potential. All showings are by appointment only. If you would like more information or would like to schedule a private viewing please contact Jacob Lemons at [\(620\) 501-3688](tel:6205013688).
