PROPERTY DESCRIPTION

80 acres on the High Plains

Welcome to Harding County, NM. If you are looking to get away from it all on a place with views for days, this property is for you! The Whiting Road 80 consists of native shortgrass prairie including nutrient rich grasses such as blue and black gramma making it prime for a potential homestead with livestock. It is nearly flat across all 80 acres except for a slight slope off to the Northwest corner. It sits beautifully located on a rise just 4.5 miles south of Roy, NM and commands unobstructed views all around it. This parcel sits at the edge of the Canadian River drainage and almost any build site on the property can see all the way to the foothills of the Sangre De Cristo Mountains to the west. There is power at the edge of the property and a Shipping container for storage at the center of the lot. Currently there is a solar system set up to support an RV hookup which would allow you to stay on site while you build your dream home! Or use it as a hunting camp/adventure base to explore the over 137,000 acres of nearby public lands in the Kiowa National Grasslands and Mills Canyon. This area is known to be some of the best Pronghorn antelope hunting in the state and private land tags are available over the counter. To schedule a showing of this parcel contact Kyle Jackson at [\(575\) 635-8188](tel:5756358188).
