PROPERTY DESCRIPTION

Nestled in the heart of the legendary Black Hills, this exceptional 50± acre offering in Custer County, South Dakota, captures everything outdoor enthusiasts, land investors, and dream-home buyers seek in a true Western retreat. Located just off VIP Road and only 7 miles west of Hermosa, this remarkable property combines privacy, breathtaking scenery, and abundant wildlife habitat in one unforgettable setting. Positioned just 5 miles east of Custer State Park, 18 miles east of Custer, and 16 miles southeast of Keystone, the location places you within easy reach of some of the Black Hills' most iconic destinations while still feeling worlds away from the noise of everyday life.

Towering ponderosa pines, dramatic topography, and secluded draws create a landscape rich with character and natural beauty. Multiple elevated vantage points throughout the property provide incredible panoramic views stretching across the rolling timbered hills and rugged terrain that make the Black Hills so sought after. Whether you envision building a custom cabin, a forever home, or a private recreational getaway, the land offers several outstanding potential building sites perfectly positioned to capture sunrise and sunset views in every season.

For the wildlife enthusiast, this property delivers the authentic Black Hills experience. The diverse habitat supports excellent populations of whitetail deer, mule deer, wild turkey, and elk, making every trip to the property an opportunity to encounter wildlife in its natural environment. Hidden pockets of cover, natural travel corridors, and the surrounding timber create ideal conditions for both recreation and wildlife viewing. The nearby public lands and proximity to Custer State Park further enhance the area's reputation for exceptional hunting and outdoor adventure opportunities.

What truly sets this property apart is the feeling it creates the moment you step onto the land. There is a rare sense of untouched wilderness here, a quiet, untamed beauty that has become increasingly difficult to find in the Black Hills. Deep timbered valleys, rocky outcroppings, and sweeping ridgelines come together to create a property that feels wild, authentic, and timeless. Whether you spend your days exploring the hillsides, watching elk move through the timber, or simply taking in the peaceful surroundings from a future deck overlooking the valley below, this is a place designed to reconnect you with the outdoors.

Opportunities like this seldom reach the market. Large acreage tracts with privacy, views, wildlife, and proximity to the Black Hills' most desirable destinations are becoming increasingly scarce. This is more than just land, it is a chance to own a legacy property in one of South Dakota's most treasured landscapes. A once-in-a-generation opportunity to own ground that truly embodies the spirit of the Black Hills.
