**With plenty of room to roam and Kerr Lake right around the corner, this property offers a unique opportunity to have the seclusion of a larger tract and ease of access to enjoy many lake activities! Call Phillip Scott at [336-263-7935](tel:336-263-7935) to schedule a showing today!**

This 12.625 acre property is located in the northeastern section of Vance County right "next door" to Kerr Lake. The opportunity is here to have the privacy you have always wanted with convenient access to I-85 and other amenities. This tract is comprised of 12.1 +/- acres of mixed timber with an area of .5 +/- acres of open land along the roadside. It also offers 252 +/- feet of road frontage along Mt Pleasant Church Road. The topography is relatively flat from the road frontage through the central part of the property. There is an open area towards the center of the property that can be cleaned up and become a potential homesite or a small food plot for wildlife. The eastern portion gives way to small drainages that flow into a creek located near the back property line.

A recent soil study shows two areas of viable soils for up to a four bedroom conventional septic system along the southern boundary of the property. These were the only two areas tested leaving the chance that more acceptable soils could be found in the central and northern areas. Not only does this bode well for a single family residence, but it shows there is the option for development possibilities as well.

Recreational opportunities near the lake are endless such as boating, fishing, hiking, and camping that give many options for weekend family adventures. Bullocksville Park is located just minutes away with a boat launch to make access to the lake even more convenient and enjoyable.

An old, abandoned homesite is located on the northcentral part of the property and should not be entered.
