PROPERTY DESCRIPTION

Jasper 57 | SE Rensselaer | Hunting/Buildsite Property

This 57-acre all-timber tract is located in the heart of agricultural country, surrounded by row crop ground that keeps deer consistently using the property for cover, bedding, and browse. Situated in a proven high deer density area, this tract is loaded with sign - including active rubs, heavy tracks, and well-used trails throughout.

The property features mature timber across the landscape, along with thick pine and cedar bedding areas that help hold deer year-round. Several natural openings and edge transitions offer excellent potential for future food plots, while strong native browse supports a healthy wildlife population.

Turkey numbers are strong, and whitetail activity is abundant, making this a solid recreational property for hunters looking to develop habitat and build their own hunting setup over time.

A great build site on the north side provides an ideal location for a future cabin or home, adding long-term flexibility and value.

If you're looking for a raw timber tract in an ag neighborhood with mature woods, bedding cover, food plot potential, and heavy deer and turkey presence - this property deserves a look.
