PROPERTY DESCRIPTION

The Wynnewood 240 is a beautiful property with rolling terrain, mixed hardwoods, and a variety of grasses. Located just 5 miles east of the town of Wynnewood and 1/4 mile off Hwy 29 on a country paved road is your opportunity for homesteading, agriculture, and excellent hunting. Upon entering the main gate on the west side, the road heads east up a slight incline to the highest point on the property. The terrain then starts to drop off affording a stunning view! Just east of the highest ridge would be a fantastic place to build a home that would be near the main road but secluded from the view of that road. There is also an amazing vantage point from this location as shown in the "Panoramic View" video. As the terrain falls to the east it transitions from mixed grasses to thick post oak timber with great deer habitat. Surrounding neighbors also have similarly wooded properties that provide extended habitat for the wildlife to range.

Near the center of the property is the largest pond, complimented by a picnic & camping area. This includes a firepit, electric service with 110v plugs, and a 30 amp RV plug all under a refreshing wooded canopy overlooking the pond. Towards the southeast corner of the property is a drainage that captures runoff water from this property and the adjacent land to the east. This location looks very favorable to build a nice 2-5 acre pond. There might also be some possibility to put in a small duck impoundment below a new pond and use the water from the pond to flood it. With ample ponds and watershed lakes throughout this region, there are quite a few migrating ducks in the fall.

Overall this would make a great place to live full-time or as a family getaway where memories can be made and great times together can be shared!
