PROPERTY DESCRIPTION

Midway 20

Situated in the Midway community of Tishomingo County, this +/-18-acre property offers an excellent opportunity for a private homesite, recreational retreat, or small homestead. With approximately 800 feet of road frontage and utilities available at the road, the tract is ready for development and offers great accessibility.

The land features gently rolling topography that is well-suited for residential construction or outdoor recreation. The timber stand is composed of approximately 90% hardwood and 10% loblolly pine, both of which are healthy and growing well. The mix includes a diverse range of species and products, including valuable tie and grade logs. A newly developed road system with properly placed culverts enhances access throughout the property, and approximately 1.5 acres of food plots have been established to support local wildlife. A creek flows through the tract, adding scenic and ecological value.

This is a well-rounded, affordable property located in a game-rich area known for its deer and turkey population—perfect for anyone looking to build, invest, or enjoy the outdoors.
