PROPERTY DESCRIPTION

Whether your goal is producing crops, building a hunting property, or investing in quality Kansas land, this 156.5+/- acre tract in Jewell County offers an impressive combination of productive farmland and excellent recreational habitat. Approximately 3,300 feet of creek winds through 26+/- acres of mature timber, creating a natural travel corridor for wildlife. Tall native grasses and thick undergrowth provide excellent bedding cover, while the timber offers shade and security throughout the seasons. On the south end of the creek, a natural spring flows into the water, supplying a steady source of ice-cold water where fish were seen actively swirling. Turkeys have also been observed on the property, highlighting the strong recreational potential this farm has to offer. The property is easily accessed by a private easement road from the south, with county road frontage along the north side. Power runs through the property, making it well suited for a future home, hunting cabin, or farmstead. An old farmhouse and barn located on the southeast portion of the property add character and reflect the rich agricultural history of the area. Approximately 118+/- acres are currently tillable and feature quality soils throughout. Around 78% of the tillable acreage is made up of Roxbury silt loam, with the balance consisting primarily of Armo loam and clay loam soils. Together, these soils produce an average NCCPI rating of 65, offering strong agricultural potential. Located approximately 3+/- miles southwest of Burr Oak, 18+/- miles south of the Nebraska state line, 30+/- miles north of Glen Elder and Waconda Lake, and 60+/- miles northwest of Concordia, this property is well positioned for both local operators and out-of-area buyers looking for a productive farm with outstanding recreational opportunities. The adjacent 238.09 +/- acres is also available for purchase. All showings are by appointment only. If you would like more information or would like to schedule a private viewing please contact Trevor Olsen at [\(620\) 786-1482](tel:6207861482).
