CONDITIONS OF APPROVAL

This well shall be used in such a way as to cause no material injury to existing water rights. The issuance of the permit does not assure the applicant that no injury will occur to another vested water right or preclude another owner of a vested water right from seeking relief in a civil court action.

THE ISSUANCE OF THIS PERMIT IS CONDITIONAL ON MEASUREMENT OF ANNUAL GROUND WATER WITHDRAWAL BY A METHOD AND PROCEDURE SATISFACTORY TO THE GROUND WATER COMMISSION UNDER EXISTING POLICY.

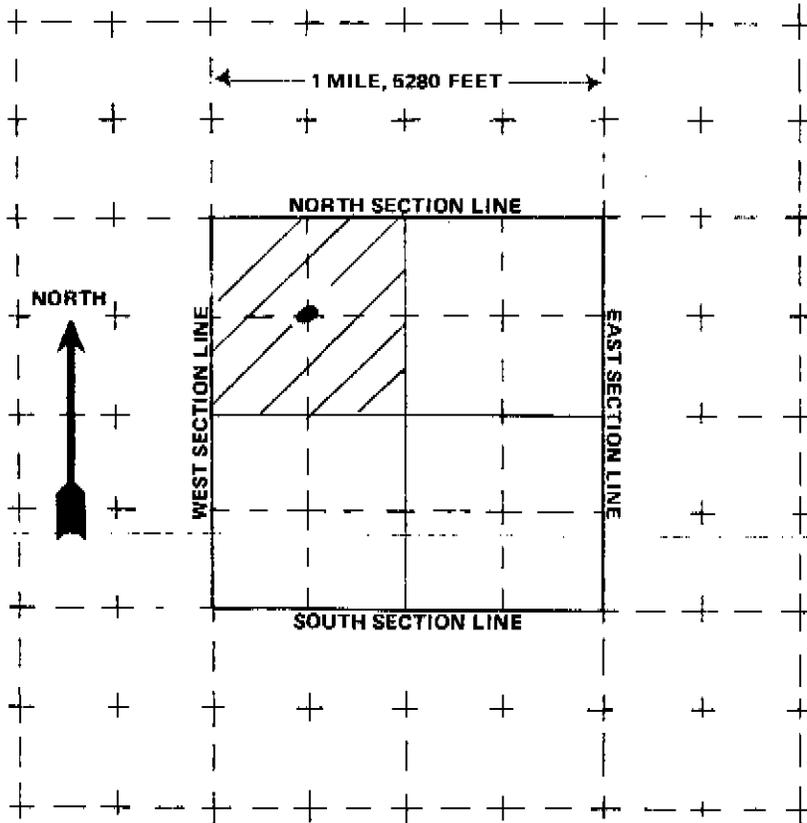

THIS WELL MUST BE DRILLED WITHIN 300 FEET OF THE LOCATION SPECIFIED ON THIS PERMIT AND MUST BE AT LEAST 1/2 MILE FROM ANY APPROVED PERMIT, SENIOR APPLICATION OR EXISTING WELL FOR COMMERCIAL, INDUSTRIAL, MUNICIPAL, OR IRRIGATION USE FROM THE SAME AQUIFER OR AQUIFERS.

BENEFICIAL USE EXPIRATION DATE EXTENDED UNTIL OCTOBER 15, 1977.

Denver, Colo. 80203

Dear Sirs:

Concerning Permit # 020173-F and 020174-F; L.D. Dirk requests an extension of Beneficial use on the said permits. The reason being that the wells were just recently drilled and pumps are on order and not yet ready to be set. The sprinklers and electricity are just in the process of being installed. We would appreciate a year extension on the Beneficial Use to get these wells in to operation.

Thank you for your cooperation.

Feighny Drilling, Inc.

RE: Irrigation well permit No's. 20173-F and 20174-F, located in  
Section 18, Township 9 North, Range 43 West.

Dear Mr. Dirks:

We are in receipt of your driller's request to extend the time  
in which to place the above referenced permits to beneficial use.

By authority of the Colorado Ground Water Commission, the staff  
has extended the beneficial use expiration dates until October 15, 1977.

Please be advised that these wells must be placed to beneficial  
use and that Statements of Beneficial Use must be filed with the Colorado  
Division of Water Resources on or before October 15, 1977.

Enclosed are copies of Permit No's. 20173-F and 20174-F, showing  
the amended beneficial use expiration dates.

Very truly yours,

Dewayne R. Schroeder

Dear Mr. Mercer:

I am requesting to co-mingle the three irrigation wells located in the West 1/2 and the SE 1/4 of Section 18, Township 9 North, Range 43 West to irrigate any of the 480 acres described as the West 1/2 and the SE 1/4 of the Section, from any or all of the three wells.

Thank you for your consideration on this matter.

Sincerely,

L. D. Dirks

6-A-8

SPECIAL

TO COMMINGLE 3 WELLS

APPLICANT: L. D. Dirks, Amherst, Colorado, 80721.

PERMIT NOS. AND LOCATIONS:

<u>Permit No.</u>	<u>Location</u>
20512-F	SW SE 18, T.9N., R.43W.
20174-F	SW SW 18, T.9N., R.43W.
20173-F	NW NW 18, T.9N., R.43W.

The locations are within the boundaries of the Marks Butte Ground Water Management District.

REQUEST:

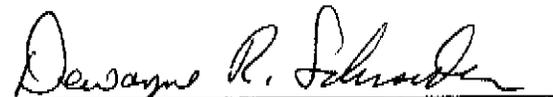

The applicant requests permission to commingle the three wells listed above to irrigate 480 acres described as the West 1/2 and the Southeast 1/4 of Section 18, Township 9 North, Range 43 West. This request was received on July 26, 1977.

STAFF FINDINGS:

Each permit is approved for irrigation of 160 acres with an annual appropriation of 400 acre-feet. The request does not involve an increase in the number of acres irrigated and the Marks Butte Ground Water Management District has not promulgated rules and regulations.

RECOMMENDATION:

Approve the request with the condition that the average annual withdrawal from each well does not exceed 400 acre-feet.

Dewayne R. Schroeder

December 7, 1977

L. D. Dirks  
Amherst,  
Colorado 80721

Dear Sir:

You are the owner of the three following wells:

<u>PERMIT NO.</u>	<u>LOCATION</u>	<u>IRRIGATED ACRES</u>	<u>ANNUAL APPROPRIATION</u>
20512-F	SW SE 18-T.9N.R.43W.	160	400 acre-feet
20174-F	SW SW 18-T.9N.R.43W.	160	400 acre-feet
20173-F	NW NW 18-T.9N.R.43W.	160	400 acre-feet

You have requested permission to commingle these three wells to irrigate 480 acres being west 1/2 and the southeast 1/4 of Section 18 Township 9 North, Range 43 West.

The request does not involve an increase in the number of irrigated acres.

Your request was placed before the Colorado Ground Water Commission at their meeting on November 4, 1977 and they have approved the request on the condition that the average annual withdrawal from each well not exceed 400 acre-feet.

Very truly yours,

Leonard A. Mercer

Attn: Leonard A. Mercer Re: Permission to co-mingle 3 wells  
located in Sec. 18, T.9N., R.43E.

Dear Mr. Mercer:

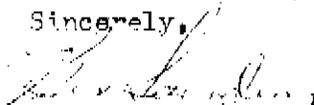

This district is in receipt of a copy of your letter to Mr. L. D. Dicks authorizing him to co-mingle the three wells located in Section 18, Township 9 North, Range 43 West. It is understood that there is no expansion of irrigated acres involved in this request.

There are two questions regarding this authorization: Number 1 is, are these wells to be metered so that the condition you have placed on them of that "the average annual withdrawal from each well not exceed 400 acre-feet" can be monitored?

Question number 2 is, is there a time limit, like on all conditional permits, for this co-mingling to be accomplished?

You will understand that the District has no rules and regulations at the present time and these are simply questions regarding the Commission's actions. These are not objections, nor are they intended to be recommendations of the District, simply questions raised.

Sincerely,

  
Ben Saunders

Concerning: L. D. Dirks, permits nos. 20173-F, 20174-F and 20512-F

Dear Ben:

In April of this year L. D. Dirks filed Amendments of Existing Record to clarify the appropriation and acres irrigated claimed on earlier Statements of Beneficial Use for the wells with the above permit numbers, all located in sec. 18, T9N, R43W. Amendments of Existing Record were requested by our Staff Comments on the permit information sheets to clarify the irrigated acreage.

The original Statements of Beneficial Use were received timely in this office on July 26, 1977. We sought clarification because the original Statements contained strikeouts from 325 to 400 acre-feet in the claims for appropriation and from 130 to 160 acres claimed irrigated. The original Statements clearly showed a 130-acre circle diagrammed on the back.

Since our initial review of these permit files, a District Court decision in the Berens case in Kit Carson County has better defined how the Court will consider such ambiguities. One of the wells in that case had a Statement clearly claiming 160 acres on the Statement face but diagramming a 130-acre circle on the back. The judge allowed only 130-acres. In Mr. Dirks' case, the Amendments of Existing Record clearly diagram the claimed 160 acres, but the original Statement of Beneficial Use diagramming 130 acres remains part of his files.

If, on May 18, 1977, Mr. Dirks actually irrigated the full 160 acres with each of these three wells, we believe it would be better to submit entirely new Statements of Beneficial use. The new Statements should contain a letter from him asking that the original Statements be withdrawn upon acceptance of the new ones. This can be done because the original Statements have not been accepted for filing. Mr. Dirks should be advised that it will be necessary to publish this change and that he will be responsible for the publication costs.

Page 2  
June 12, 1985

If Mr. Dirks wishes to modify his claims to the originally diagrammed 130 acres and 325 acre-feet, we will need the Amendments of Existing Record clarifying only those two items (the acreage and appropriation) on the face of the Statement of Beneficial Use. These amounts would conform to the diagram of the original Statements. It would not be necessary to publish such a conforming claim.

Enclosed are the Amendments of Existing Record claiming greater amounts than originally shown for you to return to Mr. Dirks. In either case, we will need new forms completed before these permits can be clarified.

Thank you,

  
Keith C. Kepler, Chief  
Designated Basins Branch

Re: Permit numbers 20173-F, 20174-F and 20512-F

Dear Mr. Kepler:

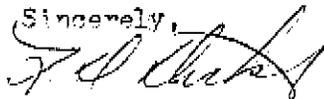

Enclosed you will find new statements of beneficial uses for the three above referenced irrigation wells in Section 18, Township 9 North, Range 43 West.

It is hoped these will be accepted by your office and the original statements be withdrawn as per your letter to Mr. Saunders on June 12, 1985. Please return the originals to me upon acceptance of the new ones.

If this does not completely satisfy the requirements of your office regarding these three wells, please do not hesitate to contact me.

Thank you for your cooperation and consideration in this matter.

Sincerely,

L. D. Dirks

		NE	SE 26	8N	47	160	June 15, 1970

\*Indicates further information below.  
 \*By letter of June 12, 1986, Mr. L.D. Dirks requests to withdraw the Statements of Beneficial Use previously filed on time for permit Nos. 20513-F, 20174-F, and 20174-F, listed as the third, fourth, and fifth items above. The Statements of Beneficial Use listed above replace those received on July 26, 1977, each showing an uninitialed strikeover replacing the claim of 160 acres with a claim for 130 acres first irrigated by each of these wells. Mr. Dirks wishes to replace the timely Statement of Beneficial Use in accordance with the Colorado Ground Water Commission's request to clarify the number of acres first irrigated by each of these wells.  
 \*For permit No. 12819-F listed as the fifteenth item above, no reasons for late filing were received. This Statement of Beneficial Use was received and accepted prior to May 31, 1968. At the time of filing and acceptance of the statement, wells put to use prior to June 30, 1968, did not require reasons or publication. The Commission assumes that the reason for late filing is that no such forms were made available at that time.  
 Take notice also that in accordance with Section 37-90-111(1)(c), the Colorado Ground Water Commission is giving favorable consideration to the following change in well location:  
 The State of Colorado, acting by and through the State Board of Land Commissioners, states that the well with permit No. 14802-F, listed as the eighth item above, was drilled in a different 40-acre tract from that permitted. Permit No. 14802-F was issued on April 14, 1970, for a well to be drilled in the SW1/4 of the NE1/4 of Section 36, T8N, R43W. By Statement of Beneficial Use submitted May 20, 1986, the owner states that this well is actually located at a site 2690 feet from the south section line and 2340 feet from the east section line in the NW1/4 of the SE1/4 of that same section 36.  
 Any person wishing to object to the proof submitted or change requested must do so in writing briefly stating the nature of the objection. The objection must be accompanied by a \$10 fee for each permit that is objected to, and must be received by the Colorado Ground Water Commission, 818 Centennial Building, 1815 Sherman Street, Denver, Colorado 80202, by September 2, 1986.

L.D. Dirks  
925 Frenchman Hts.  
Holyoke, Colorado 80734

Dear Mr. Dirks:

With your October 15, 1986, payment of the actual costs of publication to clarify your Permit Nos. 20173-F, 20174-F and 20512-F, you indicated that you felt that the need for this publication was caused by a "goof-up" on the part of the Colorado Ground Water Commission. This is not true.

Publication of your late-filed revised Statements of Beneficial Use was made at your request. It was done to enable you to correct the error in your earlier Statements of Beneficial Use which diagrammed only 130 acres while claiming 160 acres irrigated. The effect of this inconsistency was to make your permit valid for only the 130 acres. Retraction of those timely Statements of Beneficial Use in favor of late filing of revised statements on July 29, 1985, was totally your decision. It was our impression that you were aware that the statute requires publication at the applicant's expense for any such late-filed Statement of Beneficial Use.

If you have any further questions concerning this procedure, please call me at the number shown on the letterhead.

Sincerely,

Keith C. Kepler, P.E.  
Chief, Designated Basins  
Ground Water Section

ORDER OF THE COLORADO GROUND WATER COMMISSION

IN THE MATTER OF CONDITIONAL PERMIT NO. 20173-F LOCATED IN THE NW1/4 OF THE NW1/4 OF SECTION 18, TOWNSHIP 9 NORTH, RANGE 43 WEST OF THE 6TH PRINCIPAL MERIDIAN

The Colorado Ground Water Commission finds that:

1. Pursuant to Section 37-90-108(4) Colorado Revised Statutes, proof was submitted that water was put to beneficial use prior to the expiration date of Permit No. 20173-F, but due to excusable neglect, inadvertence, or mistake, L.D. Dirks failed to submit a statement or evidence of beneficial use on time.
2. A synopsis of the proof was published for two consecutive weeks in a paper of local circulation in each of the affected counties as required by Section 37-90-108(4) C.R.S. and Section 37-90-112 C.R.S. No objections were filed within thirty (30) days.
3. The proof submitted is satisfactory.
4. Conditional Permit No. 20173-F shall remain in force and effect.

Dated this 16 day of December, 1986.
