MORE ABOUT THE PIKE 12.2

Beyond the home, you will find several outbuildings, including a new Quonset, a new chicken coop, and a new greenhouse. An existing workshop/barn has a new pipe corral to accommodate all your livestock handling needs. New pipe and cable fencing along the driveway and yard of the residence adds to the look and longevity of this rural gem, and new barbed wire perimeter fencing has been installed to keep your livestock in and the neighbor's out.

The acreage is a great mix of open pasture with large shade trees and a nearly 3± acre spring-fed pond. The pond is stocked with Bass and Crappie, has a dock to fish from or relax and enjoy the scenery, and also provides a great water source for your livestock.

If you are looking for a move-in ready home with acreage, this one should be at the top of your list!
