WELCOME TO THE GREENUP 90

WELCOME TO WHAT IS QUITE POSSIBLY ONE OF THE BEST WHITETAIL PROPERTIES I'VE EVER EXPLORED! Incredible deer sign everywhere, including tracks, rubs, and scrapes. The Greenup 90 is a solid choice if you are searching for land to call your own!

This 90± acre property is located off Deadend Trail roughly 11 miles southeast of Garrison in Greenup County, Kentucky. This land is separated from a 200+ acre parcel, and a survey will be necessary to determine the final acreage. However, the boundaries of this tract are very easy to identify based on the existing survey of the parent tract.

The current owner is a former heavy equipment operator and has taken fantastic care in establishing the land. You will find an excellent trail system throughout; portions of the property were previously used for public off-road recreation, and riders enjoyed the extensive trail network. Also, a private dirt track, used for personal use, is on the adjoining property.

MORE ABOUT THE GREENUP 90

The land sits atop a beautiful mountain and offers several home sites with outstanding views. Electricity is available along the ridge, and service could easily be extended to multiple building locations. The terrain is a mix of peaks, valleys, hardwoods, and pines, with several small ponds providing a natural water source for wildlife.

While photographing the property, I jumped one of the largest whitetail bucks I've ever seen—bedded in the sun just off one of the trails. He bolted before I could get a picture, but it reinforced what the sign already shows: this land has not been hunted in many years, and the deer activity is exceptional!

Beyond the land itself, the owner is the kind of neighbor anyone would want. The Greenup 90 would be an incredible place to build your dream cabin or home!

The property is just a short drive from US-23, minutes from the Ohio River, and convenient to local schools and small-town amenities.
