WELCOME TO REIN VALLEY - THE GRAND ESTATE

WELCOME TO A PRIVATE LUXURY ESTATE IN WEBSTER COUNTY, MISSOURI—REIN VALLEY. Set on 112.92± acres less than three miles north of Rogersville, this equestrian estate was built with a clear purpose: private without being remote, functional without sacrificing appearance, and designed for the home and land to work together seamlessly.

A gated entrance leads into a long, tree-lined paved drive that gradually opens to a home and surrounding acreage. Quiet, clean, and built with intention, it sets the tone from the moment you arrive.

The custom-built home offers 5,700± square feet of living space positioned to take full advantage of the property, with views across rolling pasture, a manicured valley, and scattered timber. Inside, the layout is open, comfortable, and full of natural light, with large windows that keep the home connected to the land around it. The home was built to be lived in, not just looked at.

MORE ABOUT REIN VALLEY - THE GRAND ESTATE

Featuring four bedrooms, four full bathrooms, one half bath, and a three-car garage, the open floor plan is designed for everyday living and entertaining. The primary suite overlooks the 20x40 infinity swimming pool and the valley beyond. Every bedroom includes walk-in closets. The walkout basement offers an open floor concept, a gym, and direct access to the pool area, making the lower level a true extension of the outdoor living space.

The infinity pool stretches toward the valley as a natural focal point, tying the home to the land. A pergola and fire pit offer a place to wind down in the evenings, while the screened-in outdoor kitchen makes it easy to enjoy the setting year-round.

The land itself is what sets this property apart. Gently rolling pasture, mature scattered trees, and extensive pipe fencing and cross-fencing create a clean and highly functional layout. Whether you're running livestock, riding, or simply enjoying the space, every acre has purpose.
