# MORE ABOUT THE SCOTT 96.15

The highlight of the land is the 10± acre lake, stocked with F-1 Tiger Bass and bream. It has been properly managed and fertilized, and the results show. The owners have caught 30+ bass over nine pounds! The back portion of the property consists of 47± acres of 19-year-old plantation pine. The pine was site-prepared before planting and underwent thinning in 2018. Surrounding the home, the property has been well maintained, offering an appealing and picturesque setting. The remaining timberland includes a diverse mix of pine and young hardwood stands. Additionally, there are two areas for small wildlife plots for deer and turkey. The front portion of the property consists of 9±-year-old plantation pine, further contributing to the overall wildlife habitat. The property's perimeter is enclosed by panel wiring with a section of cross-fencing in place. If you're looking for privacy, recreation, and a well-kept homeplace, the Scott 96.15 checks every box.
