# WELCOME TO 2983 HIGHWAY 71 NORTH

AT THE BASE OF SOME OF THE PRETTIEST MOUNTAINS SURROUNDING MENA, AR, YOU'LL HAPPEN UPON A COZY 1,600± SQUARE FOOT HOME. Nestled on a 0.9± acre lot, the home is located just outside of the city limits. Its neutral white frame gives a farmhouse aesthetic on the exterior. The interior of the Polk County home offers two large bedrooms, both with walk-in closets, carpeted floors, built-in drawers and storage, along with additional space for a sitting area. The primary bedroom has an ensuite for convenience, but a three-piece bathroom with a walk-in shower is convenient to other rooms. The smaller third bedroom is situated at the rear of the house with access to the back deck, offering privacy or the option to use the room any way that serves you. Vinyl plank flooring is found throughout the remainder of the home. The kitchen and island are centrally located between the living area and dining room and boast nearly new appliances and a window view of the yard. The dining room has patio door access to the paved carport that could serve as a covered area for outside parties and gatherings. Inside is a nice-sized laundry room with built-in cabinetry, two closets for pantry items, linens, vacuum cleaners, etc., and the natural gas water heater. The washer and dryer are roughly 3 to 4 years old and will remain with the home. Recent updates include a natural gas furnace and new vinyl windows. A 22 kW Generac whole home generator is available for emergency power.
