*"I had farmland that had been in our family for over 80 years that needed to be sold. Previously I had a private sale agreement that fell through just as the COVID pandemic came into being. To get the farm sold, I decided I needed a real estate professional who could help market and sell the farm to ensure that I got the best price and successfully close the deal. I didn't want a large real estate company that wasn't able to personalize their services and I didn't want to be treated as just a number. I also didn't want a small real estate company that couldn't bring the expertise and sophistication that may be needed to sell the farm. I selected High Point Land Company as they were able to provide the personalized service, marketing and deal making expertise as well as financial sophistication to successfully sell the farmland. High Point Land Company and Pat Sifert, who served as my agent successfully marketed and sold the farmland above the listing price. I couldn't be happier in my decision to go with High Point Land Company".*
