BIDDING PROCEDURE

As a buyer you have two objectives to accomplish:

1. Purchasing the property
2. Purchasing the property at a price you can afford.

How is this accomplished?

1. Estimate comparative value.
2. Experienced buyers always decide what to pay before the bidding begins.
3. Inspect the property carefully.
4. Compare with other properties available in the area.
5. Check the selling price of previously sold properties.
6. Discuss your buying plans with a lender. Have your financing arrangements made in advance.
7. This sale is not subject to financing.

AVOID OVER & UNDER BIDDING

Always bid on a property toward a price. Establish that price before the bidding begins. By doing this you will avoid getting caught up in the auction excitement and pay a price that is too high for the market or one that you cannot afford. It will also make you confident to bid to your established fair market value. Many bidders who do not plan ahead end up with regrets after the auction because they were too nervous or uncertain about their judgment to bid.

SUCCESSFUL BIDDER

The successful bidder of the property shall be determined by competitive bidding. Should any dispute arise between bidders, the auctioneer shall have the right to make the final decision to either determine the successful bidder or to re-offer the property that is in dispute. The auction will be recorded and the auctioneer's records shall be conclusive in all respects.

TREVOR@HIGHPOINTLANDCOMPANY.COM

Native of Southeast Minnesota, Trevor Glomski, grew up on the Mississippi River enjoying the great outdoors. Trevor's greatest love is walleye fishing, bowhunting whitetail in the Midwest and chasing elk out west. At an early age hard work was instilled in him by relatives and family friends who farmed and managed property. This is where he fell in love with land and the stewardship of improving a property. He devotes himself to learning and honing his skills/techniques to improve his trade, archery, family's farmland, and hunting experiences. He enjoys sharing all of these outlets to inspire and motivate people to be the very best they can be. Trevor graduated from Concordia University St. Paul in 2011 with a Bachelor's of Science degree. After a small stint playing indoor professional football and chasing after playing in the NFL, Trevor began his career in sales and operations. Trevor has been married to his wife Jacqueline for 4 years, and they have 2 children, Kynlee and Knox. Recently, Trevor has been in commercial construction project management, and is now excited to bring his skills and work ethic to High Point Land Company providing a great experience for buyers and sellers of land. If you are looking to buy or sell a farm in Western Wisconsin, Eastern MN, or Eastern Iowa, or have questions about the current market, he would love to connect with you.

"I reached out to Trevor after one of my clients, who is selling his farm, highly recommended the company. Within days of discussing our farm land and objectives, Trevor had a full presentation with drone photos of the land, soil analysis, comparable property sales and strategy. The marketing brochure he put together looked great. The sale was not without hiccups, none of which were his responsibility, yet he always took the lead in correcting the items that needed to be addressed. Trevor even worked closely with a local surveying company and the local county office to file documents on our behalf to correct old property line issues. Trevor always kept us informed and he was active in reaching out to potential buyers. I can't say enough about how easy he made a complicated situation feel. He is a true professional. He did exactly what he promised and more."
