This remarkable ranch has been in the Ron Cotton family for over 100 years and is now available for purchase for the first time since it's original acquisition, offering legacy ranch infrastructure. Rich in heritage, the ranch has a diverse history - once serving as a peanut farm, dairy and cattle operation. Located just 15 miles south of Cisco and I-20 and 1.9 miles west of Hwy 183, the property offers convenient access in all directions. The land is predominantly level pasture providing sweeping views of the surrounding countryside. The pastures are a mix of sandy loam soils with bermudagrass and native grasses. Scattered oak trees create excellent habitat, attracting native whitetail deer and adding to the property's natural charm.
