Patent No. I227176 dated 6-5-62

SCALE : 1" = 750'

The graphic scale bar is divided into two rows. The top row is labeled in feet (FT.) and has markings at 250, 0, 750, 1500, 2250, and 3000. The bottom row is labeled in meters and has markings at 100, 0, 200, 400, 600, and 800. The bar itself is a horizontal line with alternating black and white segments, with the numerical labels positioned above and below the line.

|                                                                                                                                                                                                                                       |                                                                                                        |
