

## DEPARTMENT OF FORESTS AND WATERS

State Forest District Michaux # 1 Forest Camp Site No. 1-c-34  
Compartment No. 28  
County Franklin Township Southampton Warrant No. \_\_\_\_\_  
Scale 1 inch = 50 ft.  
Survey Book No. 12 Page 46 Area (acres) 0.23

## North

### ① Concrete Posts

## South

NOTE—Plot draft as large as possible, so that you will clearly show all data pertaining to lease and its surroundings—Give courses to nearest degree or half degree—Make draft to scale—Show roads, springs, streams, or bridges, as nearly as possible to scale, with reference to corners and direction of flow—Name roads and streams—Give area in acres and hundredths of acres—Tie one corner to a spring, confluence of two streams, intersection of two roads or trails, crossing of road or trail over a stream, a convenient land corner, or natural feature, the corner of a house now standing, etc. Show location of proposed building and tie in with a survey corner by bearing and distance. A spring should never be included within the boundaries of a lease, nor should the lease line be closer than twenty feet from the edge of a stream—No lease shall be located closer than 250 feet from major forest roads nor 125 feet from other roads or trails.

Surveyed Resurveyed 9/9/63

Approved Wae 9/13/63
