

Sugar Creek Plantation

 Telfair County, GA

 430 +/- Acres

 \$1,718,710.00

Spanning approximately 430 acres, Sugar Creek Plantation is loaded with everything serious land buyers dream about. Beautiful rolling terrain, mature timber, outstanding wildlife habitat, and the peaceful setting create the kind of property that's becoming harder and harder to find.

In addition to being a premier recreational property, Sugar Creek Plantation also offers excellent investment potential with merchantable timber and residual pine straw income already in place. The property also features power, a deep well, RV hookup, and a nice metal equipment shelter perfect for storing tractors, implements, side-by-sides, and hunting gear.
