PROPERTY DESCRIPTION

If you have been in the market for an amazing hunting farm in the heart of Wisconsin's Driftless Region, this 95.5 +/- acre timber tract in Vernon County offers the kind of hunting ground serious whitetail and turkey hunters spend years looking for! The property is made up of large blocks of timber with thick natural regrowth on nearly every ridge, creating outstanding bedding cover that holds deer throughout the season. Vernon County is no secret to trophy hunters either! The county is ranked #14 among all U.S. counties for Boone & Crockett whitetail entries, and properties like this are a big reason why! A network of multiple established hill roads winds through the farm, making ATV/UTV access easy for quietly slipping into stands, checking cameras, or retrieving game. The terrain lays out perfectly for hunting, with natural funnels, ridge tops, and transitions that make ideal stand locations. Scattered across the property you'll find wild apple trees and pockets of white oak, providing dependable natural food sources that keep deer and other wildlife close. In addition, the farm offers four potential established food plot locations totaling approximately 4.75 +/- acres, giving you plenty of opportunity to plant destination plots or strategic kill plots to enhance an already strong habitat. The wild turkey population is equally impressive, with birds regularly using the ridges and timber openings. While touring the property at sunrise, gobblers were striking off every second sending echoes through the timber! Adding to the property's appeal, the surrounding landscape is dominated by productive agricultural fields (primarily corn), which will continue to draw and hold wildlife in the area for years to come. Despite its secluded feel, the property is conveniently located just 5 +/- minutes from Readstown and only 15 +/- minutes from Viroqua for supplies, dining, and lodging. For anglers, the property sits just 2.25 +/- miles from Reads Creek, a Class 1 trout stream known for its excellent fishing and miles of public access. If you've been searching for a true Driftless Region hunting property with strong habitat, proven genetics, and excellent access, this 95.5 +/- acre Vernon County farm deserves a hard look! Properties with this combination of cover, food, access, and location rarely come available so take advantage of this great opportunity to own this stellar hunting farm! The Northwest 40 +/- acres is in the MFL Program and is valid until 12-31-2042. Zero maintenance and no mandatory work required. All showings are by appointment only.
