

F 1080 RD

This is an aerial photograph of a rural landscape. A large cyan rectangle is superimposed on the image, covering a central area of dense green trees and a light-colored, irregularly shaped clearing. To the left of the rectangle, there are yellow outlines that follow a winding path or boundary. At the top of the image, a road is visible with the text 'F 1080 RD' in white. The surrounding area includes more trees, open fields, and a small body of water in the top left corner.
