

127 Acres - Johnson County, Georgia

Tract A191 (SOLD)

Acreage

127.07 Acres

General Description

One of the best laying tracts I've seen in awhile. It has both flat land and rolling terrain consisting of an open 14-acre field, with the remainder in 10-year-old planted pines and hardwoods. Back property line is Deep Creek, which flows into the Oconee River about two miles away. There is natural pond site near the front of the property that would make a great place to put a cabin. This is an excellent hunting tract with good timber. This tract has it all!!!
