

## 100 Acres - Greenwood County, South Carolina

Tract A358-B (SOLD)

### Acreage

100 Acres

### General Description

There is not another property out there like this one! It has over 3,120 ft. of road frontage on Hwy. 34 to the north and 4,320 ft. of frontage on Wilson Creek to the south and over 1,540 ft. of frontage on the pristine Saluda River to the east. Where can you go to find this much water? If this is not enough, the beautiful Lake Greenwood is across the street. You need to see this one. Never before has so much property with water like this been accessible. If you want more, look at the parcel to the west and add another 123 acres in the mix. Give us a call for an appointment.
