PROPERTY DESCRIPTION

160± Acre Income-Producing Farm & Premier Hunting | Chickasaw County, MS

Location: Southeast Chickasaw County near Buena Vista, Mississippi 39730

Discover a premier 160-acre multi-use land investment in the heart of the Mississippi Black Prairie. This unique tract offers the highly coveted 50/50 land-to-timber ratio, providing a seamless blend of agricultural ROI and elite recreational performance. Whether you are seeking a stable hard asset or a legacy hunting property, this Chickasaw County farm delivers on every metric.

Agricultural Investment & Soil Productivity

Positioned as a high-yield income-producing farm, the property features approximately 80± acres of open cropland.

- **Proven Soil:** The acreage consists of productive, prairie-based soils (Houston Clay types) known for equipment efficiency and high yields.
- **Immediate Revenue:** Currently managed under a cash-rent lease, providing the owner with predictable annual income.
- **Sustainable Practice:** Recently harvested in soybeans, the fields are currently established in a winter wheat cover crop. This dual-purpose strategy protects soil health while serving as a high-protein "magnet" for late-season wildlife.

Proven Hunting & Wildlife Habitat

The remaining 80± acres of mixed hardwood and pine timber create a diverse ecosystem for Mississippi Whitetail Deer and Eastern Wild Turkey.

- **The "Edge Effect":** The transition between the 80 acres of row-crop forage and the dense timber creates ideal "edge" habitat, concentrating game along the fields.
- **Water & Corridors:** A year-round creek traverses the property from north to south, acting as a primary riparian corridor and natural travel funnel for trophy bucks.
- **Turnkey Ready:** The sale includes two 500 lb Boss Buck gravity feeders and an elevated box stand, allowing for immediate recreational use.

Terrain Diversity & Future Development

Beyond its current utility, the land offers significant appreciation potential and residential opportunities:

- **Scenic Homesites:** Multiple elevated locations offer panoramic views of the rolling prairie-perfect for a private lodge or permanent residence.
- **Water Development:** The natural topography features a basin highly suitable for a potential large-scale lake site.
- **Strategic Access:** Located near the Buena Vista community, the property maintains excellent road frontage and an internal trail system for easy navigation.

DISCLAIMERS

Information in this brochure is provided solely for information purposes and does not constitute an offer to sell or advertise real estate outside the states in which broker or agent licensed. The information presented has been obtained from sources deemed to be reliable, but is not guaranteed or warranted by the agent, broker, or the sellers of these properties. This offering is subject to errors, omissions, prior sale, price change, correction or withdrawal from the market without notice. All references to age, square footage, income, expenses, acreage, carrying capacity, and land classification, etc. are approximate. Prospective buyers are chargeable with and expected to conduct their own independent investigation of the information and the property and to rely only on those results. Sellers reserve the right to accept or reject any and all offers without liability to any buyer or cooperating broker.

Maps are provided for illustration purposes only, the accuracy is not warranted. Parcels on interactive maps are not adjusted to match aerial backgrounds. This information is for reference purposes only and is not a legal document. Data maps contain errors. The seller and seller's agent are making known to all potential buyers that there may be variations between the location of the existing fence lines and the legal description of the deeded property. Seller and seller's agent make no warranties with regard to the location of the fence lines in relationship to the deeded property lines, nor does the Seller make any warranties or representations with regard to the specific acreage contained within the fenced property lines. Seller is selling the property in an "as is" condition, which includes the location of the fences as they exist. Boundaries shown on the accompanying maps are approximate, based on county parcel data. The maps are not to scale. The accuracy of the maps is not guaranteed. Prospective buyers are encouraged to verify fence lines, deeded property lines and acreages using a licensed surveyor at their own expense.
