PROPERTY DESCRIPTION

45.5± Acres of Unrestricted Land for Sale on Pine Grove Road – Cedarbluff, Clay County, Mississippi

This 45.5± acre tract on Pine Grove Road near West Point offers a combination that has become difficult to find in Clay County: established pasture, paved road frontage, utilities in place at the road, and no zoning or restrictions. The property is well suited as a homesite, a small cattle or horse operation, row crop or hay ground, or a combination of all three.

Location and Access

The tract fronts Pine Grove Road, a paved county road minutes from MS Highway 50 and Old Highway 10 in the Cedarbluff community. West Point is approximately 12 miles away, with Starkville and Mississippi State University about 30 minutes, Columbus 40 minutes, and Golden Triangle Regional Airport a half hour — convenient to the region's employers, schools, and services while remaining quiet, rural land.

Utilities and Homesite Potential

Siloam Water District water, 4-County Electric Power Association service, and Fast Net Fiber high-speed internet are available along Pine Grove Road. The interior of the tract lies outside the mapped floodplain, and the gently rolling terrain offers multiple potential building sites. With no zoning or restrictions, the property accommodates conventional construction, barndominiums, or manufactured housing.

Soils, Pasture and Improvements

The land consists primarily of improved pasture in Prentiss and Longview loam soils — Class 2 soils on near-flat topography that have long supported productive grazing and hay ground in this area and offer genuine cropland potential for a buyer looking to put ground into production. The property is perimeter- and cross-fenced with well-maintained five-strand barbed wire and includes working pens, gates, and a trough — infrastructure that allows a buyer to stock cattle or horses immediately. A pond serves the middle pasture, and an intermittent creek runs the wooded western edge.

Recreation

Whitetail deer, turkey, doves, and small game frequent the pasture edges and surrounding timber, providing quality hunting on and around the property.
