

**Eastern Band
of Cherokee Indian Land**

This is an aerial photograph of a mountainous region. A red line outlines a large area in the center-left, which is the Eastern Band of Cherokee Indian Land. Inside this red-outlined area, a yellow dashed line follows a winding path. To the right of the red-outlined area, a road labeled 'Firefly Rd' is visible. The terrain is covered in dense green forest. Several peaks and gaps are labeled with their elevations: 'Welch Top 3218 ft' on the left, 'Ned Gap 3779 ft' at the top right, 'Rich Mountain 4180 ft' on the far right, and 'Low Gap 3743 ft' below Rich Mountain. A yellow arrow points from the top left towards the red-outlined area. In the top right corner, there is a green-shaded area labeled 'U.S. Forest Service'. Other labels include 'Long Branch', 'BIA Hwy 422', and 'Shoal Creek'.

**U.S.
Forest Service**

Welch Top
