to me

Good afternoon Julie,

There is a small portion of a surface water right on the property shown by

T9S R23E TL 1102 Darrell McMichael 37941 HWY 19-207, Fossil OR, 97830

Partial Permit S-40354 IR SW JD ~RM 156.23 (10/30/1975)

0.6 Ac. NE SE Sec. 8

0.015 CFS or 7 GPM equivalent to 2 5/32" rainbird Sprinklers

A claim of beneficial use under review at this time for the permit. I have tried to reach the owner of the Southern property twice with no response as to if access will be granted for the point of diversion on the Southern property, but as of this time, no water is being provided to T9S R23E TL 1102.

I did not find any GW rights on the property, but the domestic exemption would allow them to keep a half acre of lawn or a non-commercial garden and stock water. As to the location of the well, that is a private matter to be discussed between owners.
